PROGRAM INTRODUCTION

What is the VET Student Loans Program?

The VET Student Loans program is an income contingent Australian Government loan program that helps eligible students enrolled in approved courses at diploma level or above, pay their tuition fees. The loan has income-contingent repayment arrangements, which means you only need to make repayments if you are earning above the minimum repayment threshold. You can make voluntary repayments at any time.

If you are an eligible student, the Department of Employment and Workplace Relations (the Department) may approve your VET Student Loan for an approved course. The Department will pay your loan directly to your approved course provider. You will be responsible for any gap amount in the tuition fees, which are not covered by the loan. You will owe a debt to the Australian Government for the loan, which will be managed by the Australian Taxation Office (ATO).

For more information about VET Student Loans, read the [VET Student Loans Information Booklet](#).

Eligible Courses

Certain Diplomas, Advanced Diplomas, Graduate Certificates and Graduate Diplomas are eligible for VET Student Loans that are linked to industry needs and employment outcomes. Stanley College offers the following courses under the VET Student Loans framework:

- BSB50120 Diploma of Business
- BSB60120 Advanced Diploma of Business
- CHC50121 Diploma of Early Childhood Education and Care
- SIT50422 Diploma of Hospitality Management (Food & Beverage Pathway)
- SIT60322 Advanced Diploma of Hospitality Management

If you wish to access a loan to study a higher level VET course at Stanley College you will need to select one of these eligible courses.

Please Note:

- Further information on Vet Student Loans can be found on the [VET Student Loans Website](#)
- A full list of approved courses is provided in the [VET Student Loans \(Courses and Loan Caps\) Determination 2016](#)

Student Obligations

The 'Department of Employment and Workplace Relations' has developed a Student Obligations Fact Sheet aimed at helping you understand VSL obligations regarding engagement with the eCAF system and Progression Forms. (This is available at the following link: [Student Obligation Factsheet](#))

Student Progressions

Students in receipt of a VET Student Loan need to confirm in regular intervals that they are genuinely studying. This is done via progression forms. Progression forms are issued by Stanley College through the eCAF system, triggering a notification sent to the student via email for the student to provide their response as appropriate. Students need to complete/submit a progression form issued by providers in the eCAF system within 2 weeks of receiving the invitation email. Using the progression form, students should indicate if they:

- are continuing their studies
- recommenced their studies after having previously deferred or withdrawn from the course (note: the recommenced status requires the student to include a date when they returned to their studies)

- are currently studying but intend to withdraw from their course in the next 4 months
- are currently studying but intend to defer their studies in the next 4 months
- completed their course and received their qualification
- have deferred or withdrawn from their studies
- never commenced this course

Loan Caps

- Eligible students will be entitled for loans up to a capped amount.
- Training Providers may charge above the loan cap for a course, and if so, students will be expected to pay for the difference up front according to the Training Provider's billing period.
- The amount you can borrow for your tuition fees is determined by the Australian Government and in most cases, there are three bands of VET Student Loan Caps (in 2024 the loan caps are \$6,031/ \$12,063/ \$18,097) set for each course. A VET Student Loan is only for tuition fees and doesn't cover additional costs such as text books, materials, or accommodation.

Students switching from VET FEE-HELP to VET Student Loans

Subject to meeting eligibility criteria, having a sufficient FEE-HELP balance and studying a VET Student Loans approved course, a continuing student can access a VET Student Loan up to the full course cap amount regardless of whether they have accessed VET FEE-HELP in the past. The student's VET Student Loan cap will exclude any pre-existing VET FEE-HELP debt incurred for the same course. The maximum loan amount for the VET Student Loans approved course applies only to enrolment in the course under VET Student Loans.

The ASA process is conducted with honesty and integrity and engages the applicant on a range of issues with the aim of ensuring suitability of the proposed training. The ASA process obtains enough information to allow a determination that Stanley College “reasonably believes” that the student is or is not academically suited to the course and displays the required competencies to undertake the course.

- Approved LLN Test*: If you cannot provide either of the above documents, you will be required to display competence at or above Exit Level 3 in the Australian Core Skills Framework in both reading and numeracy; AND
- in addition:
 - Stanley College must reasonably believe you are academically suited to undertake the course; and
 - you must meet any other specified entry requirements for the course.

*If you are required to complete the Stanley College approved LLN test (LLN Robot), you will be informed by a member of the Admissions Team, a suitable time and date to complete the test. On completion of the test, the results are accessed and reviewed by the Admissions Manager or Student Services Team and provided to you.

Eligibility Tool

The Department of Employment and Workplace Relations has developed a new VSL Eligibility Tool. This tool will:

- Help you to gauge whether you qualify for a VSL;
- Provide additional information about what documentation you need to provide to Stanley College when you are applying for a VSL.

The VSL Eligibility Tool is available for prospective students to use on the MySkills website via [VSL Eligibility Tool](#).

PROGRAM INFORMATION

What is a Census Day?

The census day is a very important date for you to know about! The census day for a course, or a part of a course, is the last day you can:

- Complete the eCAF to apply for a VET Student Loan for your course; OR
- Withdraw your enrolment without incurring a debt for the course or part of the course.

Every part of a course (unit or subject) has its own census day, so that you incur debts as you progress through your course, not for the whole course at the beginning. Every course must have at least 3 census days spread reasonably evenly throughout your course. Stanley College will provide a breakdown of the census dates for your course in your **VET Student Loan Statement of Covered Fees**.

Course Fees

Tuition fees are charged by the unit of study, all Stanley College VET Student Loans approved courses have a minimum of three fee periods and each contains at least one census day. Your fee periods will be evenly spread through the duration of your course and could contain more than one unit.

The cost of your course may not be covered by the VET Student Loan Cap, this could be due to a lack of balance in your FEE-HELP limit or due to the fact that items such as Materials Fees are not covered. This 'Gap' amount will be spread across the duration of your course at the point of each census day.

Stanley College will provide you with a VET Student Loan Statement of Covered Fees and VET Student Loans Fee Notice to confirm that your enrolment has been accepted and detailing how much of the course tuition fees are covered in your VET Student Loan. Stanley College will also provide you with a VET Student Loan Fee Notice at least 14 days before the first census date in each fee period detailing the breakdown for that period.

If you withdraw from a part of your course before the census day for the part of the course, you will not incur a VET student loan debt for that part of your course and will receive a refund for any up-front payment of tuition fees. Once each census date has passed, Stanley College will issue you a Commonwealth Assistance Notice (CAN) within 28 days detailing accumulated information about your debt and payments.

Loan Fee

A loan fee of 20% applies to VET Student Loans for full fee paying-students. This amount will be added in to your VET Student Loan but will not be included in your FEE-HELP limit. Please note, if you receive a state subsidy, you will not be required to pay the loan fee.

Fees that are not covered by VET Student Loans

Charges for some goods and services must not be included in the tuition fee for a course, as these are not covered by a VET Student Loan.

- Additional fees and charges: These are detailed in the Stanley College Student Handbook for Local Students.
- Materials Fees (Resource Fees): Materials Fees are course specific and listed in the Fees & Intakes for Local Students.

The above documents are available for download via the Stanley College website at the following link:

www.stanleycollege.edu.au/downloads/

How to apply for your VET Student Loan using eCAF

To apply for a VET Student Loan you must complete the Request for a VET Student Loan eCAF on or before the census date; however, once you have enrolled in your course with Stanley College you must wait at least two full business days before you submit your eCAF.

After two business days has passed Stanley College will register your interest with the Australian Government that you wish to apply for a VET Student Loan. At this point you will receive a log in and password to complete your eCAF.

Please note: If you do not complete and submit your eCAF by the census date, you would be liable for all tuition fees payable for that fee period.

Repaying your VETSL Debt?

Your VET Student Loans debt forms part of your accumulated VETSL debt. You must start repaying your VETSL debt through the tax system once your income is above the compulsory repayment threshold, even if you are still studying. More information about VETSL debt repayments, including how the ATO calculates your compulsory repayment, is available at www.studyassist.gov.au.

The threshold is adjusted each year and for the 2023-2024 financial year it is \$51,550 or above. Repayments made through the Australian taxation system are called 'compulsory repayments' and continue until you have repaid your whole debt. How much you must pay back is calculated from the amounts given on your income tax return for:

- Your taxable income,
- Reportable fringe benefits (reported on your payment summary),
- Total net investment loss (including net rental loss),
- Reportable super contributions, and
- Exempt foreign employment income amounts.

Anyone who has a VETSL debt and earns above the minimum repayment threshold will be required to repay their debt regardless of where they live, whether in Australia or overseas. Visit Study Assist for more information.

If a student accepts an offer of a place in a replacement course, Stanley College must give written notice of the acceptance to the VSL Tuition Protection Director within 14 days of the student's acceptance of the offer.

As part of the re-enrolment process, Stanley College will confirm at the time of processing the new application, the maximum amount of VET Student Loan that the student can access, taking into account the amount already accessed on the course they withdrew from.

Affected students are offered a replacement course with another provider and where this is not possible, the students' FEEHELP balance for the affected part of the course will be re-credited.

3. It is intended that, from 1 January 2018, Stanley International College Pty Ltd will be exempted from the requirement to be a party to an approved tuition assurance arrangement. Instead, Stanley International College Pty Ltd is required to comply with interim arrangements which ensure similar tuition assurance protection is provided to students.

2. As soon as practicable, Stanley International College Pty Ltd will also update its website to reflect that the course is no longer being delivered and to give students information about the tuition assurance arrangements.

Replacement Courses

1. The Commonwealth Department of Employment and Workplace Relations (the Department) (or a consultant engaged by the Department) will work with affected students to identify a replacement course and arrange for students to be placed with replacement providers.
2. Replacement courses must meet the following requirements:
 - the course must lead to the same or comparable qualification as the original course;
 - the mode of delivery of the replacement course must be the same as or, with the student's consent, similar to the mode of delivery for the original course;
 - the location of the replacement course must be reasonable, having regard to the costs of, and the time required for, a student's travel; and
 - the student will not incur additional fees that are unreasonable and will be able to attend the replacement course without unreasonable impacts on the student's prior commitments.
3. Affected students will be offered a replacement course and may seek a review about whether the course offered to them meets the requirements for replacement courses.

A student who accepts the replacement course offered will not be required to pay the replacement provider for the replacement components of the replacement course. However, the fees payable for the remainder of the replacement course may be different from the fees payable for the original course.
4. A student who accepts the replacement course offered will also receive course credits for parts of the original course successfully completed by the student, as evidenced by:
- 5.

6. a copy of a statement of attainment or other Australian Qualifications Framework certification document issued by the course provider or an authorised issuing organisation in accordance with the Australian Qualifications Framework; or
 - a copy of an authenticated VET transcript issued by the Student Identifiers registrar.
 - Each affected student will have a period of six (6) months in which to accept the replacement course offer. The Department may extend that period in circumstances that justify an extension.
7. If an affected student enrolls in a course that is not a replacement course, the student may be required to pay additional tuition fees, and might not receive the course credits the student would have received if the student had enrolled in a replacement course.

Re-crediting of Students' FEE-HELP Balances

1. Where there is no suitable replacement course for a student, Stanley International College Pty Ltd will re-credit the student's FEE-HELP balance for the affected parts of the original course. The amount re-credited will be equal to the amount of VET student loan used to pay tuition fees for the student for the course, or parts of the course.

Prepaid Fees

1. For tuition fees paid up-front greater than \$1500, Stanley International College Pty Ltd will not enrol student in units until it has in place insurance for tuition fees with an approved provider as required under the Tuition Assurance Scheme.
2. For tuition fees paid up-front below \$1500, students should be aware that there is no formal protection in place and students will be responsible to seek a refund for these fees directly from Stanley International College Pty Ltd if Stanley International College Pty Ltd fails to provide the agreed services. Stanley International College Pty Ltd has in place a Refund and Cancellation Policy (<https://stanleycollege.edu.au/downloads/>) which shall apply. If the provider is under external administration, this may require the student submitting a proof of debt with the external administrator.
